

Efficient Boiler Plant Installation at Keighley Town Council's Historic Building

Project Details

Completed	2019
Sector	Retail
Location	Keighley
Type	Mechanical

Following a successful major refurbishment project in 2011, Watsons Building Services Ltd embarked on a crucial mission to enhance the former Police Station in Keighley Town Centre, now serving as the home of Keighley Town Council. Housed within a Grade II listed building, this versatile facility accommodates various functions, including Council offices, meeting rooms, a museum, and a function room complete with catering facilities and an adjoining bar area.

Project Scope

- ▶ Two high-efficiency gas-fired boilers
- ▶ Flue system installed
- ▶ Installed a hot water calorifier, pumps, and intelligent controls
- ▶ New Pipework to connect existing heating and hot water systems
