

School Music and Drama Block Expansion

Project Details

Completed	2008
Sector	Education
Location	Bradford
Type	BMS Services

Watson Building Services designed and installed mechanical systems for a new music and drama block at a school in Bradford. The high-spec building features acoustically engineered practice rooms, a recording studio, a drama studio, and a recital room, with a range of services, including heating, cooling, ventilation, and water and gas supplies.

Project Scope

- ▶ Twelve acoustically engineered practice rooms
- ▶ Specialist recording studio
- ▶ Large drama studio
- ▶ Recital room, all with a high engineering specification
- ▶ Gas-fired LTHW heating
- ▶ DX heating & cooling
- ▶ Mechanical and natural acoustic ventilation
- ▶ Domestic water & gas services
